EXPERIENCE

Founding Design & UGC @ szn — **Aug 2026 - Present**
Nomadic Futures

- Lead brand and growth design for an AI personal assistant that works through iMessage.
- Design feature-discovery and upsell moments inside the app, mapping user flows from first message to upgrade.
- Run the UGC creator program, from outreach to editing and posting creator content.
- Design motion graphics, Meta ads, social carousels, and lifecycle emails for launch.

Student Ambassador @ UCR — **May 2024 - Jun 2025**
Adobe

- Expanded Adobe's campus presence by promoting Creative Suite to student creators in person and online
- Designed and facilitated workshops introducing Adobe Creative Suite to students, building product familiarity

Visual Design & Marketing Intern — **Apr 2024 - Jun 2025**
Designer Drains

- Redesigned the e-commerce storefront UI around user-centered navigation, driving a 20% increase in engagement
- Rebuilt the company website with a consistent visual system and clearer product navigation
- Designed marketing graphics and short-form video, driving a 500% increase in Instagram Reels engagement

UX/UI & Marketing Intern — **Jun 2024 - Nov 2024**
Nora AI

- Produced infographics, video demos, and responsive design assets optimized for cross-platform performance
- Designed wireframes and high-fidelity Figma prototypes, iterating based on peer feedback to improve usability
- Analyzed user interaction data and campaign performance to surface actionable UX/UI improvements

Social Media Content Creator — **Sep 2023 - Dec 2024**
HALIENE & Next Step Management

- Collaborated with Next Step Management to design custom artwork and visual identity assets for EDM artist
- Designed exclusive album and merchandise prototypes, developed short-form media aligned with brand guidelines
